 ****LSSF Token****

LSSF Symbol Meaning

Why are a child and a penguin holding the Earth?

The LSSF Token symbol intentionally starts with **those who are most vulnerable**.

The child

The child represents the **future**.

A child has no choice and cannot carry responsibility, yet is often the first to bear the consequences.

LSSF chose this image so we do not forget that adults' decisions shape children's lives.

The penguin

The penguin is life on the **front line of environmental change**.

Penguins have no politics, no economy, and no voting rights, yet they are among the first to suffer from global warming.

Through the penguin, LSSF reminds us that "today's development and consumption can become the cost paid by another life."

The Earth (blue side and burning side)

- **Blue Earth**

→ the possibility that can still be protected

- **Burning Earth**

→ the crisis and warning that has already begun

This is not a contrast. It is a reality that exists **at the same time**.

LSSF carries the message: "It is not too late, but it will not be solved automatically."

The meaning of holding

The child and the penguin do not conquer or own the Earth.

****They simply hold it.****

This reflects LSSF's philosophy:

- Ownership ✕ Exploitation ✕ Domination ✕

Instead: Protection ○ Responsibility ○ Solidarity ○

💬 LSSF's core message

> We did not inherit the Earth from our ancestors.
We are borrowing it for a while from children.
>

LSSF Token is an attempt to put this sentence into practice through technology.

What we protect is not "value," but "the future."

Even now, the Earth is being hurt rapidly, and the impact reaches the most vulnerable first.

The penguins in the cold Antarctic, and children who are not protected.

LSSF Token began as a ****small choice**** not to look away from this reality.

🐦 What is LSSF?

****LSSF Token does not promise investment returns.****

Instead, through blockchain technology, it ****records the donation process and results transparently****.

We believe:

> Technology should be used not for faster profit,
but for better choices.
>

💖 Our Mission

LSSF has one purpose:

- 🌍 ****Protect the global environment****

-  **Support children in difficult circumstances**
-  **Ensure transparency of donations**

LSSF does not impose transaction taxes, and donates **90% of realized project profit**.

Why This Symbol?

The LSSF mark features a child and a penguin holding the Earth.

It does not mean "saving" someone. It is a promise to remember our **responsibility to protect**.

The burning side of the Earth represents crisis, and the blue Earth represents hope that still remains.

Transparency First

LSSF commits to:

- Disclosing all profit aggregation standards
- Recording and providing evidence for all donations
- Fixed supply structure with no additional minting
- Publishing on-chain activity

We believe trust comes not from words, but from **records**.

Road Ahead

- Testnet completion (2025.12.31)
- Mainnet deployment (2026.01.01)
- PancakeSwap liquidity addition (2026.01...)
- Monthly donations begin from 2026.02.05
- Long-term transition to an automated donation structure

Donations are not a one-time act. They are a **responsibility that must continue**.

LSSF Token

For the Earth. For Children. For Transparency.

****Project Overview****

LSSF Token is a non-profit foundation token created to support organizations that help children living in poverty and harsh conditions, and to support organizations protecting the Earth from damage caused by reckless development.

****Planned Donation Recipients (Under Review)****

The organizations listed below are under review for potential donations.

Listing does not imply endorsement, partnership, or formal agreement.

****Supported Organizations (NGOs)****

- Child protection: UNI***, Save***, World ***
- Environmental protection: Green***, KF**, Green K***

* The distribution of 100,000,000 tokens will occur ****25 times****, distributing ****4,000,000 tokens each time****, every year on ****January 1**** (Korea time, 00:00-23:59:59) until ****2050****.

2026-01-01 : 4,000,000 ... 2050-01-01 (00:00-23:59:59): 4,000,000

****Donation Method****

The LSSF project does not impose transaction taxes.

90% of project profit is donated monthly, and 10% is used for operating funds.

If the 10% operating funds accumulate excessively (foundation retained earnings exceed KRW 1,000,000,000), then after the year-end settlement on December 31 (23:59:59), the excess will be additionally redistributed on January 5 of the following year and also donated to NGOs.

Minimum operating funds cover:

- Foundation operating expenses
- Staff wages
- Staff welfare
- Volunteer program operating costs

All details will be disclosed transparently.

Donation revenue is calculated from the 1st day of each month (00:00) through the last day of the month (23:59:59).

Funds are transferred to each organization on the **5th of every month (00:00-23:59:59)**.

An aggregation and verification period ensures accuracy and transparency.

(Example) Donation amounts are calculated and sent as follows.

(If any NGO is later found to have eligibility issues, it may be excluded and replaced.)

Item	Amount	
---	---	
Total project profit	₩10,000,000	
Donation ratio	90%	
Operating cost	10%	
Total donation amount	₩9,000,000	

Organization	Donation amount	Transfer method	TX / Proof	
---	---	---	---	
UNI***	\$1,000	Bank transfer	Receipt disclosed	
Save***	\$1,000	Bank transfer	Receipt disclosed	
World***	\$1,000	Bank transfer	Receipt disclosed	
Green***	\$1,000	Bank transfer	Receipt disclosed	
KF**	\$1,000	Bank transfer	Receipt disclosed	
Green k***	\$1,000	Bank transfer	Receipt disclosed	

♥ The donation funding source for the LSSF Token project is based primarily on **realized fee revenue** from providing PancakeSwap liquidity, and later on **all realized revenue** associated with DEX listings and other activities influenced by LSSF Token. Unrealized assets and price fluctuations are not included in donation amounts.

Roadmap (Detailed/ Summary)

- Testnet completion: 2025-12-31
- Mainnet deployment: 2026-01-01 (4,000,000) ... 2050-01-01 09:00, 4,000,000)
- Even if unexpected issues occur, distribution will be completed by 23:59:59 on the day.
- PancakeSwap liquidity addition: 2026-01-...
- Donation begins: 2026-02-05 (based on aggregation up to the previous month's last day 23:59:59)
- Rounding differences under 1sent are carried over to the next month.
- Donations are intended to continue on a long-term and sustainable basis. In the future, this will be transitioned to automated donations to each NGO.

Token Information

Item	Details
---	---
Token Name	LSSF Token
Symbol	LSSF
Total Supply	100,000,000LSSF
Additional Mint	None (Fixed supply)
Transaction Tax	None (0%)
Decimals	18

 **No additional tax or automatic deductions are applied to transactions.**

Donation Policy

Donations prioritize **transparency and verifiability**.

The LSSF Token project does not use transaction taxes or forced deduction mechanisms.

90% of realized project profit is **donated monthly**, and 10% is used for ongoing operations.

Profit is aggregated from the 1st day of each month (00:00) through the last day of the month (23:59:59), and is delivered in equal proportions to selected NGOs on the **5th of every month (00:00-23:59:59)**.

All donation details will be disclosed, including amounts, transfer proof, and aggregation standards.

If technical stability and security verification are completed in the future, some donation processes may transition to an automated smart contract-based approach.

Until automation, we will maintain a ****manual verification-based transparent process****.

🗺 Roadmap(Phase 1~4)

Phase 1

- Testnet token distribution
- Transfer testing complete

Phase 2

- BNB mainnet token distribution
- Contract verification (BscScan)

Phase 3

- PancakeSwap liquidity addition
- DEX listing

Phase 4

- Donations begin
- Monthly donation reports published

📖 Transparency & Trust

- Smart contracts based on OpenZeppelin
- No additional minting structure
- All on-chain activity disclosed
- Donation records documented and published
